

FOAMLIFE®

SPRING/SUMMER 25

————— LIVE LESS ORDINARY —————

INTRO

FoamLife® embodies collective influences of music, art and a love of a beach lifestyle. FoamLife's 'Live Less Ordinary' mantra transcends all parts of the brand, less about the daily grind and more about discovering your own path.

"We met the FoamLife crew early in their journey and it has been great to watch their growth and range evolution. When the opportunity came to bring them into the Australian and New Zealand markets it felt like quite an organic step for Stokehouse Australia. We have the Vissla Brand as our anchor brand and it feels that FoamLife, with its style meets sustainability focus, complements it perfectly. We have done some market testing here and it has been pleasing to see just how well the brand has been received. It sets FoamLife up nicely for its first full season in Australia in the summer of 2024."

John Mossop (Head of Vissla/Stokehouse Australia)

"It's rare to see a best-seller before it's even launched. FoamLife is that product. Brought to life by a dream-team of the best in brand, design and sports. This is the right product with the right brand at the right time".

Simon Hill-Norton - Chair & Co-Founder | Sweaty Betty

"A great product combined with a great team. I believe FoamLife has the commitment, passion and vision to become a leading brand. Globally."

Harry Hodge - Founder | Quiksilver Europe, and Senior Partner | Hodge Consulting Group

"Sometimes there's a gap in the market, other times you might squeeze your way in and make a gap and sometimes you see a market that has become lazy, dull and complacent and needs a bloody good shake up from some guys who know what they're doing."

Dylan Wyn Pugh - Head of Commercial | Red Bull

LIVE LESS ORDINARY

FOAMLIFE®

PROTECT
THE OCEANS

FOAMLIFE® WAS CREATED BY A COLLECTIVE OF LIKE-MINDED ATHLETES AND CREATIVES WHO HAVE GROWN UP LIVING AND BREATHING A BEACH LIFESTYLE.

OUR LONG TERM GOAL IS TO CREATE SIMPLE, STYLISH, AND SUBLIMELY

COMFORTABLE PRODUCTS THAT DON'T COST THE EARTH. WE SEE

THE JOURNEY TO BECOMING A MORE **SUSTAINABLE** BRAND A

JOURNEY THAT HAS NO FINAL DESTINATION,

INNOVATION OF **ECO-CONSCIOUS** MATERIALS AND 100%

PLASTIC FREE PACKAGING IS OUR NEW NORMAL.

FOAMLIFE® IS THE SIMPLE PRODUCT OF OUR MANTRA TO LIVE LESS ORDINARY, LESS

ABOUT THE DAILY GRIND AND MORE ABOUT DISCOVERING YOUR OWN PATH.

————— LIVE LESS ORDINARY —————

DESIGN/SUSTAINABILITY

We are conscious our planet and oceans are not only our playground but also our future; we therefore have a long term focus on sustainability.

All of our packaging is plastic free from supplier to the end consumer. We use biodegradable bags made from cornstarch, recycled card for hangers and swing tags which are attached with recycled paper string.

Our entire range uses a 'soft to step' foam. We use a variety of Eco friendly foams such as recycled EVA, a brushed TPE and a Sugarcane EVA foam. We have increased the amount of styles in the range that have toe posts that are made from RPET (Recycled plastic bottles) and introduced a plant based Bio-Leather for 2023.

We continue to use sustainable materials such as Hemp canvas and organic cotton. The entire collection remains vegan friendly and PVC free.

KARL READ

This image was originally painted in 2018 at Upfest (Europe's largest urban paint festival) in Bristol, UK and later released as a Limited Edition signed & numbered screenprint. (Sold Out on release)

The inspiration behind this piece came from when President Trump decided to legalise the importation of ivory in to the U.S

Titled "Hidden Treasure" it shows an African tribesman trying to camoflauge the elephant to protect it from poachers. Each camo shape is the map/silohette of Africa.
